## **Stockholm March 6:th, 2019**

Dear customers,

February ended as one of our strongest months in many years! The Group also landed two significant new orders during February. One order from Finland and one order from the Middle East within Oil & Gas.

2-3 of April NORDIC PIPE DAYS will be held at our factory in Örnköldsvik. The conference is a two day venue with interesting talks on diverse subjects related to the industry. We will combine site visits with talks, discussions and a great opportunity to make business connections. Bring your clients for a two day experience with knowledge, networking and innovation ([www.pipedays.com](http://www.pipedays.com)).

Our new ERP system Monitor went live March 4:th at NFOY and NF-Group. Later in April and May, NFAB and Ferral Components will go live in Monitor.

We are currently producing a brand new customer magazine. It will be published twice per year in both paper and pdf-format. Keep your eyes open – our first issue is not far away.

The Nordic Flanges NORSOC-certification has been renewed and approved during February by the Qualifying Company, ZTRONG AS in Norway.

Frederik von Sterneck  
CEO Nordic Flanges Group AB (publ.)
